Life erupts
like fireworks
that splash
across the sky
in a striking
display of light
and splendor.
Then in a single
awe - inspiring
moment fizzles out
and fades out into a
darkness — a stillness
— a nothingness.

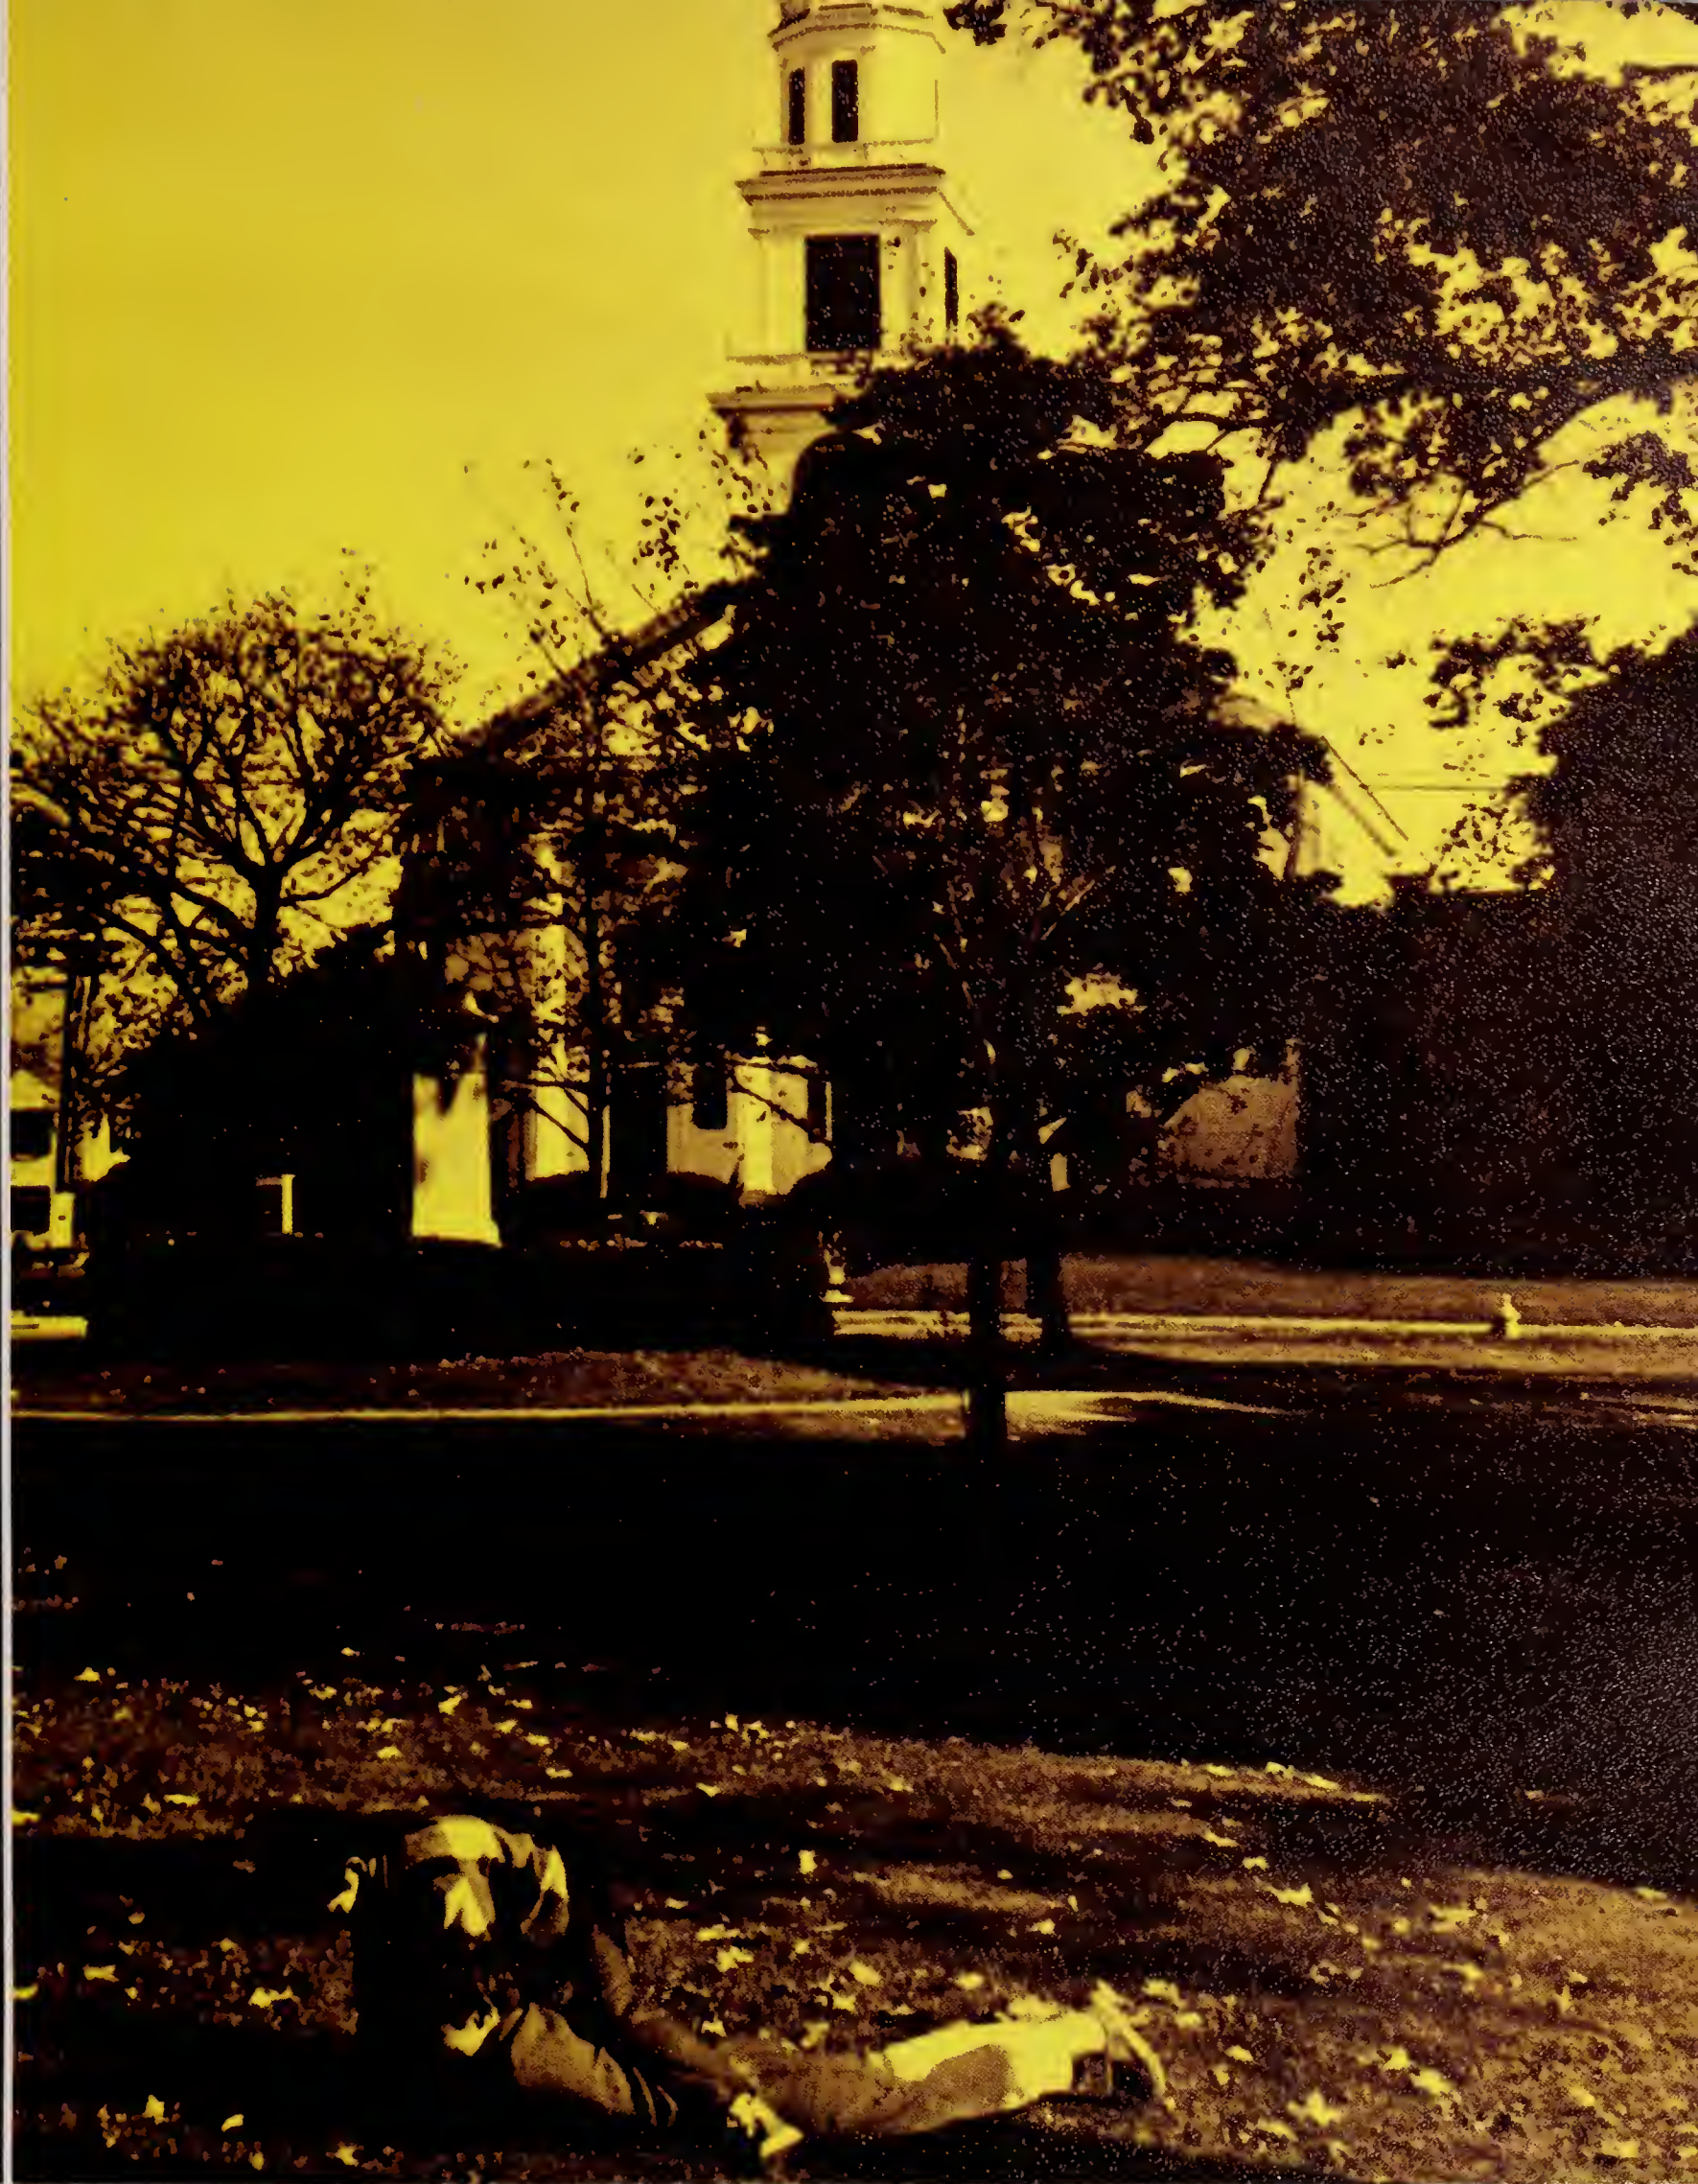

Nature, Too Burgeons Forth — Fresh, Bright, Colorful,
Young And Alive.

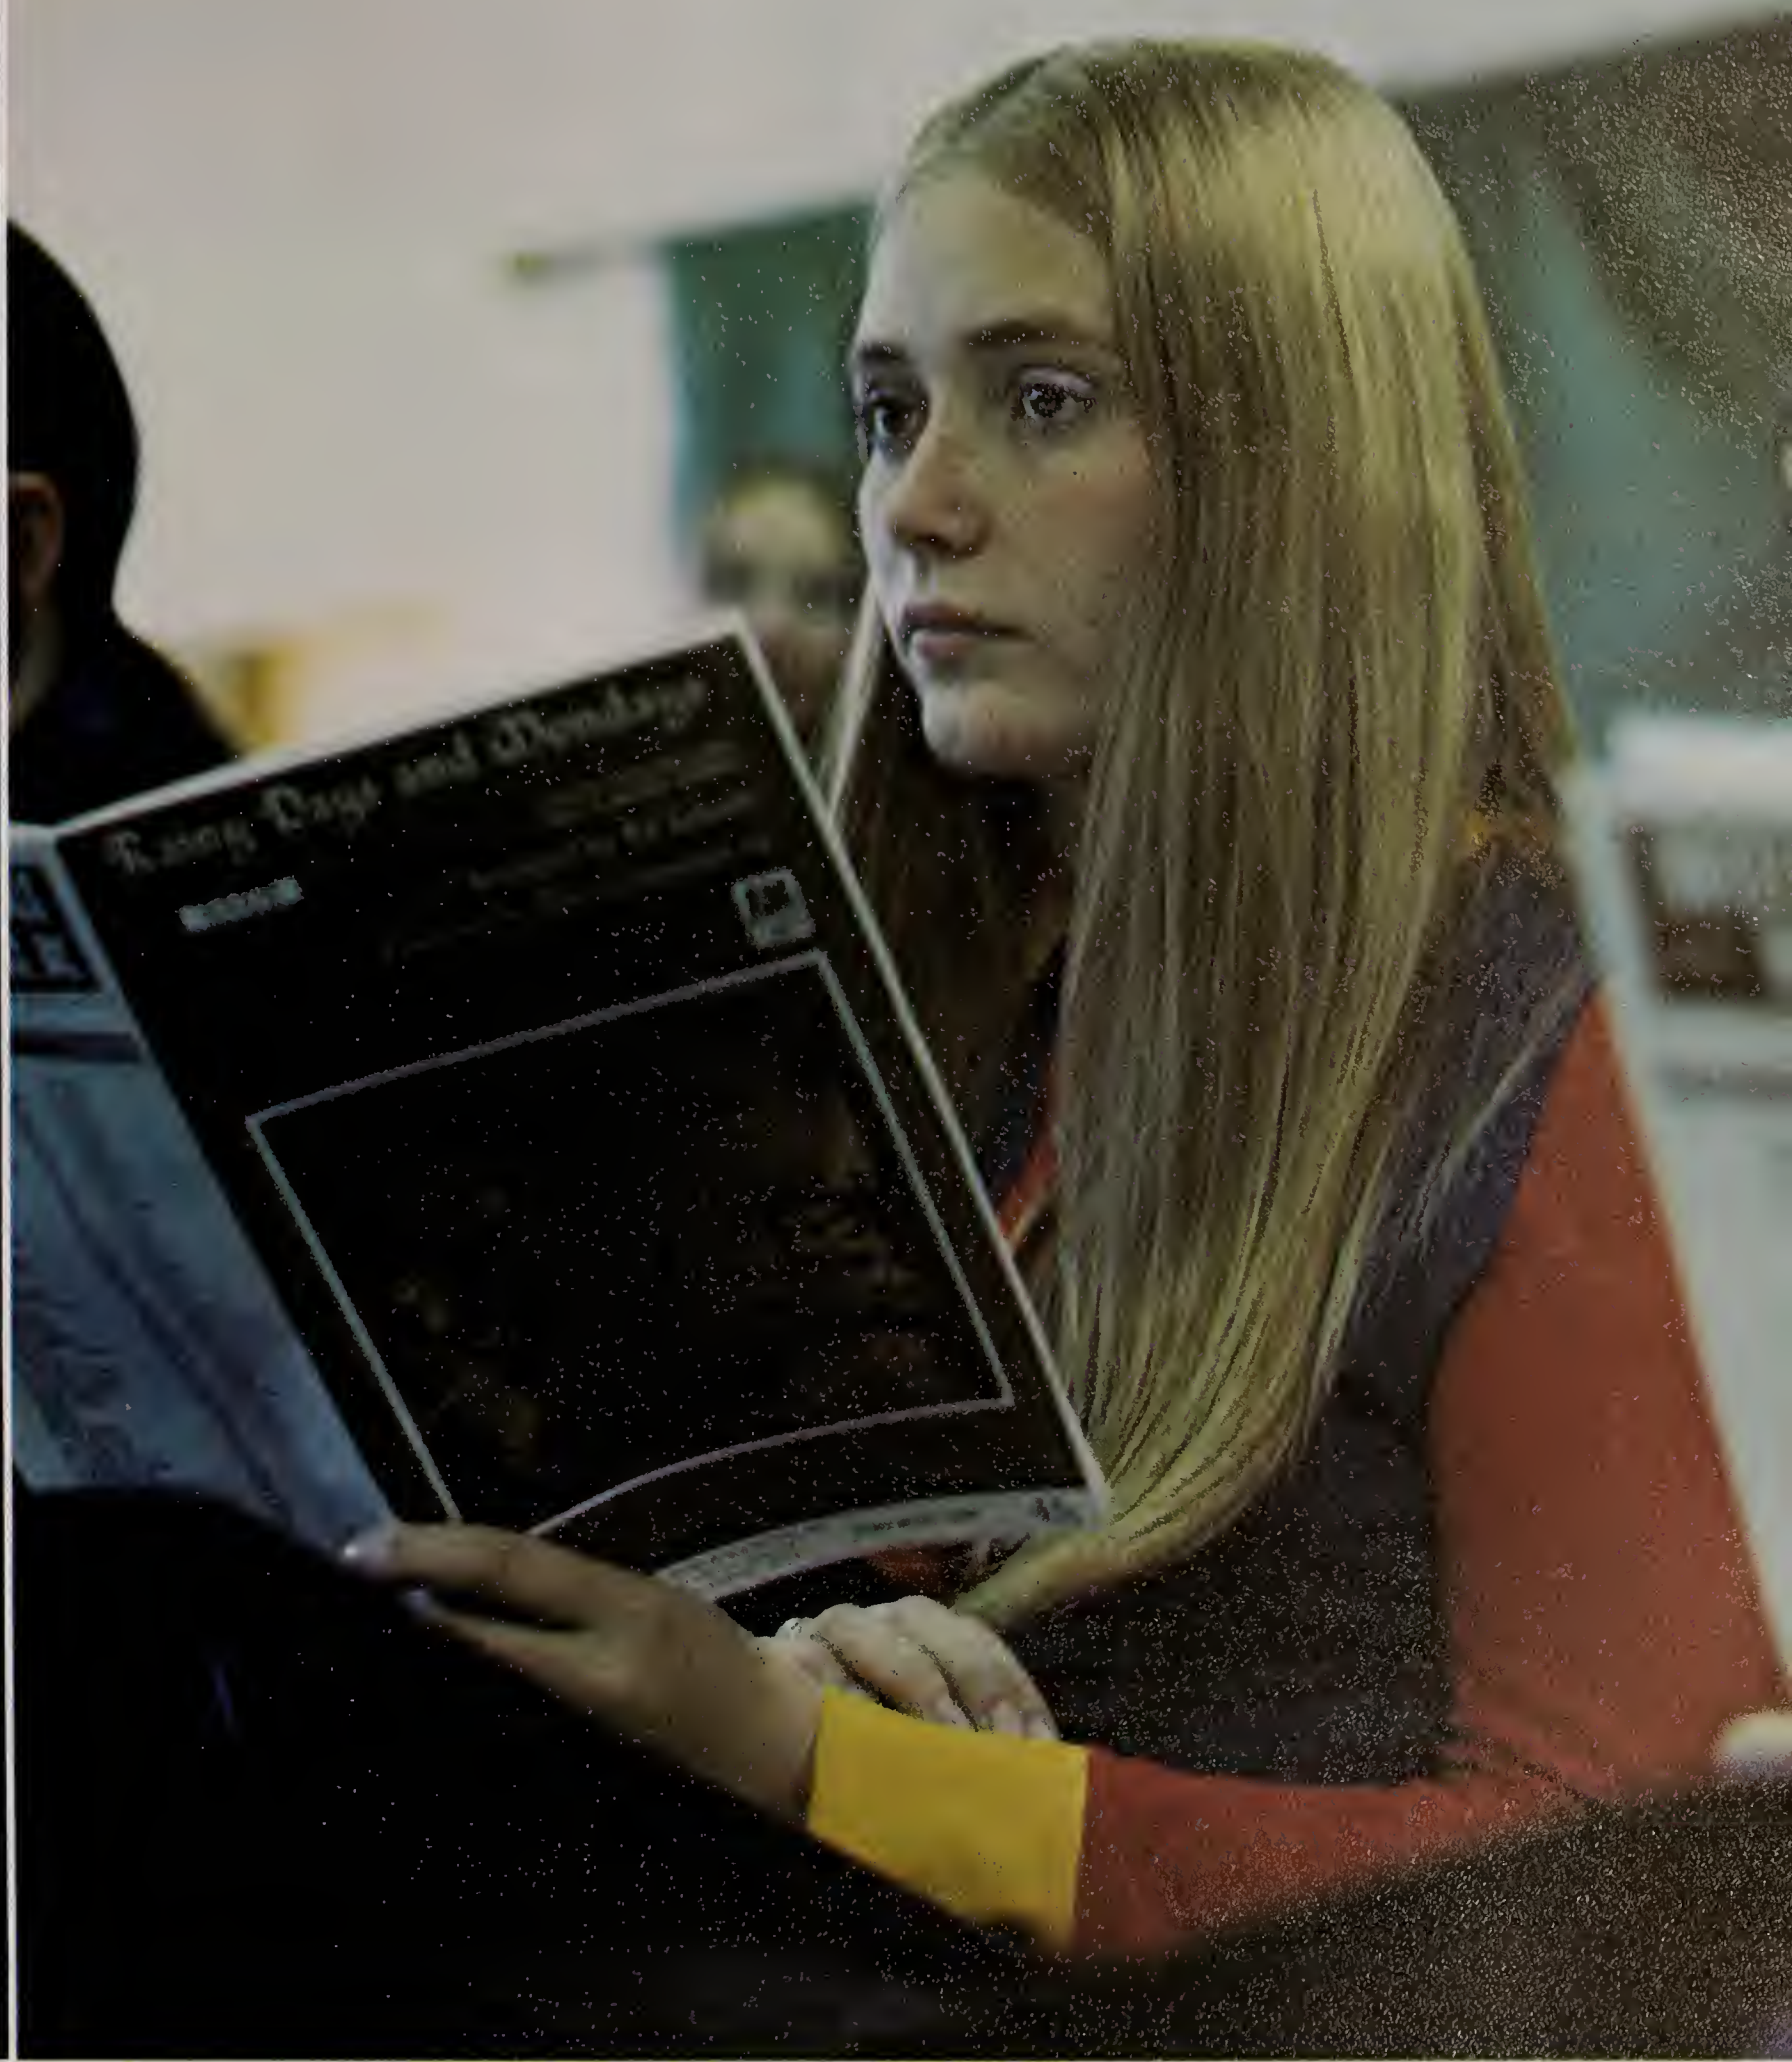

The Mood Changes — It Is Stark — Cold — Dark — Old And Dead

Then — The New Encounter — The Coming Together — The Extra Hour To Enjoy — The Search For Self And One Another.

A Place To Grow — To Tread Upon — To Travel Through.

A Need To Know The World Outside Ourselves.

Only The Active Have The True Relish Of Life

Good Company — Good Food And Drink — Good Fun

To Cheer On — Spirit Even In Loss.

A Language Understood By All.

And Everything That Pretty Is.

Each life converges to some center. Our common center has been our home, our school, our town. Each of us, however, has reached out to nature, to each other, to our neighbors, to learning, to more freedom from strict rules, to music, to creativity, to sports, to fun, to school spirit, to love, to dances and for most of us it has been — up to this time — our 'most'. The degree of 'most' varies for each of us, even though all of our lives have been touched by a world outside. The experiences have been different for each of us just as they have been in our immediate world. Often times, unaware, we have grown emotionally, intellectually and socially. Although we can sense it in ourselves and each other, it is surprising. As always we will continue to seek to find the experiences, the joys even the heart-breaks which will become our new 'most'.

BEST OF LUCK TO THE CLASS OF 1972
From The

KING PHILIP REGIONAL HIGH SCHOOL STUDENT COUNCIL

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. Your High School diploma is all the experience you need. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.

New England Telephone An equal opportunity employer
